Our reference : WA/gdr/794

To Whom It May Concern,

Colin Mann School has recently upgraded its centre of learning where 43 desktop computers were successfully installed and commissioned by Consulting 2000.

The service that the School received from Consulting 2000 was of the highest standard and the workmanship was exemplary. Spiros Proxinos was personally involved in the process from the time the order was placed with Consulting 2000 until final commissioning and handover of the project.

I was very impressed with the way the project was managed and the professional approach and attitude that the supplier portrayed during the duration of the project.

The School has been associated with Consulting 2000 since June 2008 and we can recommend Consulting 2000 as being able to meet the client's needs. They are flexible, transparent and are always available when needed.

Because of our satisfaction with delivery on the above contract, the School has subsequently placed an order with Consulting 2000 for the supply and set-up of 21 notebook computers, for use with recently installed inter-active whiteboards.

As a School we are pleased to be associated with Consulting 2000.

Should you wish to contact me my cell number is 082 374 6142 or alternatively you can contact Mr D Ross (School Principal) on (011) 827.5580.

Yours faithfully,

W. AUSTEN

Governing Body Member
