TO WHOM IT MAY CONCERN

Dear Sir/Madam

It is with great pleasure that I write this testimonial for

SPIROS PROXENOS of CONSULTING 2000

Spiros has been closely connected with our school since we started using the EDUPAC system round about 1995 when he was a partner in the business, as well as a member of their support team for both hardware and software.

When Spiros decided to form his own company – Consulting 2000 – it was without hesitation that we advised him that we would continue making use of his services.

It is a pleasure to do business with Spiros. He is a man of integrity; highly skilled in his field with an extensive knowledge of the computer. He is always available to answer queries and assist with problems, and if it is a matter which cannot be dealt with over the telephone he will make a point to visit the school and assist you as soon as he possibly can.

Spiros is a patient person and explains problems away exceptionally well. His after-sales service is exceptional. He has installed and supports our computer centre, comprising of 40 workstations and server, admin network comprising of 10 workstations and two servers and 5 e-beams and related equipment and software.

We highly recommend the services of Consulting 2000 and should you require any further information, I will be more than grateful to oblige.

Yours faithfully

MRS F STANSFELD
HEADMISTRESS
